ISSPM Training Course / ISSPMP Certification Guarantee

TopSecretProtection.Com (TSP) Is 100% Committed To Ensuring:

- That TSP provides its students with one of the most structured and comprehensive ISSPM Training Courses for Information Systems Security Manager's/Officer's (ISSM's / ISSO's) and Information Assurance Manager's / Officer's (IAM's / IAO's).
- That all students understand all the concepts, content and modules that are taught in the ISSPM Training Course.
- That all students are comfortable with what they learned in the ISSPM Training Course, and that they can apply/transfer this knowledge to an organization's Information Systems Security Program.
- That all students have met the ISSPM Training Course Learning Objectives and **Passed** the ISSPMP Certification Exam.

TSP understands that all students will rely on the ISSPM Training Course Instructor to effectively communicate all aspects of the ISSPM Training Course to them in a clear and concise manner. TSP also realizes that if students don't fully understand the concepts, content and modules when they have finished the ISSPM Training Course, the money and time they have spent attending the ISSPM Training Course, is a cost their organization could do without.

TSP believes that the ISSPM Training Course will meet and exceed student's expectations and enable them to successfully further the development, enhancement and management of their Information Systems Security Program for their organization or agency.

ISSPM Training Course / ISSPMP Certification Exam Guarantee

TSP provides this guarantee. TSP will continue to provide any student with additional training until they fully understand all the concepts, content and modules taught in the ISSPM Training Course, and until they have successfully passed the ISSPMP Certification Exam, **at no additional charge.**
